**Subject:** Proposed anti bike laws.

As a forth generation motorcyclist and motorcycle enthusiast I am against the changes to the existing laws.

The proposals that lazy politicians who think that by targeting a very small percentage of a group of mostly law abiding citizens smacks of "Look at me, I am doing something" by the government.

Similar laws in other states have been shown to put all motorcyclist under the scrutiny of the police with some members of police forces harassing ordinary people legally going about their ordinary lives.

The majority of motorcyclists, and by majority I mean 99% as outlaw groups refer to themselves as "One percenters", are tax paying voters who enjoy motorcycles for transport, as a hobby and for sport.

So our lazy politicians should remember that 99% per cent of this group that are about to be persecuted by superfluous laws against crimes that are already well covered by existing laws, will not be happy to victims of these proposed laws come election time.
