

Reporting sexual harm

Safe2Say is an online portal where anyone can report sexual assault and abuse against children and adults.

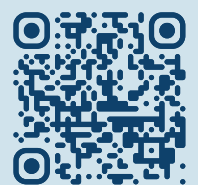

With Safe2Say, you are in control. You can choose when and where you make a report. You decide what you want to say. You decide whether to stay anonymous.

When you make a report, you will receive a confidential Report ID and password so that you can choose to log back in and communicate directly with specialist investigators – all while remaining anonymous.

Report at a time it is Safe2Say for you, visit:
