**Subject:** Treason against the people.

You want to make a law that violates the United nations charter of human rights is this correct?

The vlad laws cost Newman an election in qld, you see the problem is that people and I mean a good 99% would never have had dealings with a biker in their lives. And honestly the police pose a larger threat to the safety and freedoms that our forefathers died for.

When injustice becomes law, rebellion becomes our duty.
