Subject: Bike laws

Hi there my name is jim i am a proud member of the devils henchmen motorcyle club in tasmania with no convictions i am not a criminal in any way what so ever i am a motorcycle enthusiast and my passion is motorcycles and have grown up racing and riding them my whole life ..as so for many of the people in my club that all hold the same interests. i am not a drug dealer in any way shape or form nor are my club brothers we enjoy riding and generally having a good time .not intimidating others in any way shape or form i have owned a verry sucessful busines for 20 years and intend to keep my reputation high for another 20 years i am a family man that pays taxes and works hard to provide for my family just like a normal dad would and i totally disagree with these laws and to have our passion torn away from us. i have wanted to be apart of a bike club since i was a young boy and i followed my dream as i did my sucessful career ..and i think it is so wrong to put everyone in th same basket as a few bad that have done wrong and call all th people just like me a criminal just because we are a part of a brotherhood ...so unfair ...where are our rights to freedom
