Subject: Anti Bikie Legislation

To whom it may concern.

Im writing to you as a concerned Australian citizen in regard to the proposed Anti Bikie Legislation.

I would like to express my disgust in the proposed laws to be introduced. Simply put these laws are over the top, excessive and a breach of basic human rights to be in contact and friends with any other human being. The government should not be able to dictate the way we live in any regard in this way.

And most importantly unhumane laws should never have to be invented and manipulated to jail any one group of people for living a life a certain way, enjoying a particular type of motorcycle and a love of brotherhood.

Queensland has admitted to spending millions upon millions of dollars on a law that has increased crime by one third.

This is a complete waste of tax payers money in every way.

Sincerely

Cody Main
