Corporate Performance Report

Disclaimer

The Corporate Performance Report is produced for internal purposes to measure the performance of our people, resources and systems, and to assist with the management of our business. The Report is made available to external stakeholders as the figures contained may be of public interest. Data are not extracted for the Report until one month after the reporting period has concluded. This one month period ensures there are sufficient opportunities for data to be entered into police systems and for quality assurance to be undertaken. However, the primary purpose of the Report is to measure internal performance, not provide official Departmental figures. There may be discrepancies between measures provided in this Report and official Departmental figures due to several possible factors.

Electronic data was extracted on 17 January 2022. Manual data is collated monthly by Reporting Services from information self-reported by organisational units within DPFEM or provided/downloaded from a variety of sources as indicated throughout the Report.

Source (all sections): Emergency Services Computer Aided Dispatch System. From February 2020, response times are being reported as median rather than mean. The use of mean for response times reporting is no longer viable due to the changes in business processes following the implementation of the new dispatch system in 2017. The changeover to median reporting brings police into line with the other Tasmanian Emergency Services agencies and is consistent with the findings of an external audit into response times reporting.
