Subject: Consultation on the police offences amendment bill 2024

[You don't often get email from [REDACTED]. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification> ]

To whom it may concern, I am opposed to the proposed amendments to the Police Offences Bill. I am particularly opposed to the extension of police search and seizure powers as I feel this infringes on our civil liberties in a democratic society. I was a girl guide and ranger guide as a young woman and our motto was to "Be prepared ". Part of this preparation was to always carry a pocket knife. I feel that this is my right and I do not want to be penalised for it. Law abiding citizens should not be subject to street searches without a warrant. Citizens should not be afraid of the police and I feel that these amendments will damage the good reputation of TAS police and leave them open to allegations of being used for political purposes.

Please do not proceed with these amendments. Thank you, Sincerely, [REDACTED]
