Subject: Submission to Police Offences Amendment (knives and prohibited Weapons) Bill 2026

You don't often get email from [redacted] Learn why this is important

To whom it may concern,
I completely oppose any changes to legislation that prohibits the supply, manufacture, sale and possession of machetes.
A machete is not a weapon; it is a legitimate tool with many and varied legitimate uses. Thousands of Tasmanians own and use a machete on a regular basis and do so responsibly. There are already laws that prohibit the carrying of such items in public without a lawful excuse. Collective punishment is never good policy; Confiscation of legitimately and lawfully used private property is an anathema to good and fair legislative policy. I respectfully request this part of the amendment be withdrawn.
kind regards,

Andrew Zimmermann
