You don't often get email from [redacted] Learn why this is important

Good Morning,

I am writing to provide a submission for the proposed amendment to the knives and prohibited weapons bill.

I am the owner of the [redacted] On the farm we use pruning knives which are approximately 50cm long to shape our trees. I believe these knives would fit under the broad definition of 'machettes' which will be banned under this new amendment. We have investigated alternative pruning/shaping methods and found no other feasible options.

While I am supportive of the bill overall, we would like to be included in the agricultural exemptions proposed for this bill to ensure that we can continue operating our business.

Kind regards,
